glass

we **know** glass, we **love** glass

As a global leader in flat glass and hollow glass processing technology, we have been helping to shape one of the most beautiful and useful materials in the world for over 60 years. Its unique qualities, combined with the passion for technology and innovation, guide us in seeking for newer and more effective solutions to improve and expand its use.

The most vast range of products for any production and storage management requirement with any automation level.

650 Shuttle system

Ideal system for the management and storage of different types of glass and for restricted height buildings that are not suitable to accommodate overhead type loaders. The ultimate solution to manage an unlimited number of racks feeding an unlimited number of cutting lines.

Type of glass in stock	Average / Many
-------------------------------	----------------

Number of cutting lines	More than 2
--------------------------------	-------------

Automation level	★★★★★
-------------------------	-------

Evaluation based on comparison with other Bottero products of the same category.
