glass

we **know** glass, we **love** glass

As a global leader in flat glass and hollow glass processing technology, we have been helping to shape one of the most beautiful and useful materials in the world for over 60 years. Its unique qualities, combined with the passion for technology and innovation, guide us in seeking for newer and more effective solutions to improve and expand its use.

The most vast range of products for any production and storage management requirement with any automation level.

695 Overhead loading system

A unique telescopic frame system allows to organize a very flexible storage area with a combination of jumbo and regular sizes glass positions. This system provides the most versatile solution for warehouse management and is designed to load glass sheets from any rack with any pack depth.
