glass

we **know** glass, we **love** glass

As a global leader in flat glass and hollow glass processing technology, we have been helping to shape one of the most beautiful and useful materials in the world for over 60 years. Its unique qualities, combined with the passion for technology and innovation, guide us in seeking for newer and more effective solutions to improve and expand its use.

A range of working centers
for any kind of processing.

Pratica Plus

After the success of the first version, the Bottero Pratica CNC workcentres evolve with their new PLUS version.

The machine is available in 3300 and 4000 sizes and both 3 and 4 axes versions are equipped with the new high performance pressurised spindle.

Max. sheet dimensions

Up to 4000 mm

Automation level

★★★★•

Evaluation based on comparison with other Bottero products of the same category.

Max. sheet dimensions *		2500	3300	4000
Standard configuration **	mm	2500 x 1620	3300 x 1620	4000 x 2320

* With 100 mm tool diameter

** Standard configuration for 3300 = left fixed tools storage / 3 axis
 Standard configuration for 4000 = left mobile tools storage / 3 axis
 For all the other configurations check the technical specifications
